The enticing bouquet of red berries, smoldering spices and mint lead to intense flavors of crushed raspberry and black cherry. Dark chocolate and a hint of anise add to the complexity. Round and full mouth tannins complete the smooth and lingering finish. This wine will pair beautifully with anything off the barbeque and dark chocolate desserts.

**Tasting Notes:** Almost opaque with a dark purple core to an alluring red cherry edge. This wine is extremely dark in color, but when swirled it appears very red...it shows lots of extraction. The nose is all smokiness and spice entwined with big rich fruits of Bing cherry and nectarine. The palate is rich, lush classic Mt. Veeder Cabernet with red and black fruits, and lots of spice of saffron and white pepper. The wine is loaded with beautiful cherry and stone fruit with hints allspice and nutmeg that just keeps going long through the arc of the long, long finish.
